Candy Moltz, M.S., CCC-SLP:

Educated at Baylor University (BA) and University of Texas at Dallas (MS) in Communication Disorders and have worked in the field of Speech Language Pathology treating adults in hospitals, Nursing Homes and Home Health since 1976. Retired from the Dallas VA Medical Center after 23 years working directly with veterans diagnosing and treating Speech, Language, and Swallowing problems related to Neurogenics and Head and Neck Cancer. Worked on the state planning committee of the Texas Laryngectomy Association since it began in 1990 offering annual conferences dedicated to the total rehabilitation of laryngectomees. Served as a member at large on the International Association of Laryngectomees Board of Directors since 2012.

Non-financial disclosures: Texas Planning Committee and Board of directors, Served on IAL Board of Directors.

Financial disclosures: No financial interests to disclose

Lacey Martin, M.S. CCC-SLP:

Lacey is a Speech Language Pathologist at the Dallas VA Medical Center where she actively evaluates and treats Laryngectomees. She became interested in working with Laryngectomy's during her graduate school internship at MD Anderson Cancer Center. Lacey's interest in Laryngectomy rehabilitation stems from mentorship of Susan Reeves in rural West Texas. Susan was instrumental in introducing her to TLA and IAL. Lacey proudly holds the Secretary positions for the TLA and is active member of the Dallas Lost Chord Club. She remains resolute in her dedication to Laryngectomy rehabilitation.
